Exhibit 99.1**FOR IMMEDIATE RELEASE****BENCHMARK REPORTS SECOND QUARTER 2025 RESULTS**

TEMPE, AZ, July 30, 2025 – Benchmark Electronics, Inc. (NYSE: BHE) today announced financial results for the second quarter ended June 30, 2025.

Second quarter 2025 results:

- Revenue of \$642 million
- GAAP Operating Income of \$20 million
- Non-GAAP Operating Income of \$30 million
- GAAP earnings per share of \$0.03
- Non-GAAP earnings per share of \$0.55

“Benchmark’s second quarter results continue to validate our strategy. We are the partner of choice for complex product execution, from concept through design to global delivery and support. Our second quarter progress was measured by sequential growth across most of our sectors with continued strength in A&D and solid recovery in the Industrial and Medical sectors. Even more encouraging was that we achieved a multi-year record in new bookings during the quarter,” said Jeff Benck, Benchmark’s President and CEO.

Benck continued “My conviction in our strategy and execution has never been higher. We see this play out in our margin improvement, bookings momentum with existing customers, and increased commitment to our value proposition by new customers. I am confident our accelerating momentum will drive growth and operational leverage in the coming quarters.”

Forward-Looking Statements

This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements are identified as any statement that does not relate strictly to historical or current facts and may include words such as “anticipate,” “believe,” “intend,” “plan,” “project,” “forecast,” “strategy,” “position,” “continue,” “estimate,” “expect,” “may,” “will,” “could,” “predict,” and similar expressions of the negative or other variations thereof. In particular, statements, expressed or implied, concerning the Company’s outlook and guidance for third quarter and fiscal year 2025 results, future operating results or margins, the ability to generate sales and income or cash flow, expected revenue mix, the Company’s business strategy and strategic initiatives, the Company’s repurchases of shares of its common stock, the Company’s expectations regarding restructuring charges, stock-based compensation expense, amortization of intangibles, award of any tax incentives and capital expenditures, and the Company’s intentions concerning the payment of dividends, among others, are forward-looking statements. Although the Company believes these statements are based on and derived from reasonable assumptions, they involve risks, uncertainties and assumptions that are beyond the Company’s ability to control or predict, relating to operations, markets and the business environment generally, including those discussed under Part I, Item 1A of the Company’s Annual Report on Form 10-K for the year ended December 31, 2024, and in any of the Company’s subsequent reports filed with the Securities and Exchange Commission. Events relating to the possibility of customer demand fluctuations, supply chain constraints, continuing inflationary pressures, the effects of foreign currency fluctuations and high interest rates, geopolitical uncertainties including continuing hostilities and tensions, trade restrictions and sanctions, tariffs and retaliatory countermeasures, the ability to utilize the Company’s manufacturing facilities at sufficient levels to cover its fixed operating costs, or write-downs or write-offs of obsolete or unsold inventory, may have resulting impacts on the Company’s business, financial condition, results of operations, and the Company’s ability (or inability) to execute on its plans. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual outcomes, including the future results of the Company’s operations, may vary materially from those indicated. Undue reliance should not be placed on any forward-looking statements. Forward-looking statements are not guarantees of performance. All forward-looking statements included in this document are based upon information available to the Company as of the date of this document, and the Company assumes no obligation to update.

Non-GAAP Financial Measures

Management discloses certain non-GAAP information to provide investors with additional information to analyze the Company’s performance and underlying trends. These non-GAAP financial measures exclude restructuring charges, stock-based compensation expense, amortization of intangible assets acquired in business combinations, certain legal and other settlement losses (gains), customer insolvency losses (recoveries), asset impairments, other significant non-recurring costs and the related tax impacts, including discrete tax items and other non-GAAP tax adjustments, of all of the above. A detailed reconciliation between GAAP results and results excluding certain items (“non-GAAP”) is included in the following tables attached to this document. In situations where a non-GAAP reconciliation has not been provided, the Company was unable to provide such a reconciliation without unreasonable effort due to the uncertainty and inherent difficulty predicting the occurrence, the financial impact and the periods in which the non-GAAP adjustments may be recognized. Management uses non-GAAP measures that exclude certain items in order to better assess operating performance and help investors compare results with our previous guidance. This document also references “free cash flow”, a non-GAAP measure, which the Company defines as cash flow from operations less additions to property, plant and equipment and purchased software. The Company’s non-GAAP information is not necessarily comparable to the non-GAAP information used by other companies. Non-GAAP information should not be viewed as a substitute for, or superior to, net income or other data prepared in accordance with GAAP as a measure of the Company’s profitability or liquidity. Readers should consider the types of events and transactions for which adjustments have been made.
